## SUMMARY

4th-year Computer Science student seeking a software development OJT/internship. I build full-stack apps with React, TypeScript and Laravel, and my thesis system is designed around real requirements gathered on-site at a public school. I was the full-stack developer on every project below.

## PROJECTS

**Tapt: NFC School Attendance System (Thesis, team project)** **Aug 2026 - Present**

- NFC attendance system for Philippine public schools: React Native (Expo, TypeScript) teacher app and React admin dashboard on Supabase (Postgres).
- Offline-first sync (expo-sqlite, client-generated UUIDs) for classrooms with no reliable internet; 15-table schema with row-level security on every table.
- Interviewed a partner school's class adviser and redesigned the workflow around how DepEd SF2 attendance is actually done; wrote the Data Privacy Act (RA 10173) section.

**Inventory Management System (Capstone, team project)** **Sep 2026 - Present**

- Replaces a wholesale and retail store's paper sales log; interviewed the client for requirements. Laravel, React (Inertia.js), MySQL.

**Sari-Sari Store POS + Inventory System (Personal project)** **Sep 2026 - Present**

- Laravel + React (Inertia.js) POS with utang (credit) tracking, sales dashboard and low-stock alerts, built for real deployment.

**Gising Pa?: Anonymous Thought Map (Personal project)** **Sep 2026 - Present**

- Real-time, Philippines-only map of anonymous late-night thoughts. React, Leaflet, Supabase Realtime, Open-Meteo, Vercel.

## SKILLS

- **Languages:** TypeScript, JavaScript, PHP, Python, SQL, HTML/CSS
- **Frontend:** React, Next.js, Tailwind CSS, Bootstrap, React Native (Expo), Inertia.js
- **Backend and data:** Laravel, Django, Supabase, PostgreSQL, MySQL
- **Tools:** Git and GitHub, VS Code, Vercel, Laravel Herd, Claude Code
- **AI tools:** Claude, Claude Code (VS Code); prompting, code review, debugging
- **Other:** Cybersecurity fundamentals, AWS (EC2, S3, Lambda), Kali Linux

## EDUCATION

**Bachelor of Science in Computer Science** **June 2023 - Present**
PHINMA UPANG College of Urdaneta

- Expected graduation: 2027

**Science, Technology, Engineering and Mathematics (STEM)** **June 2021 - April 2023**

- Juan G. Macaraeg National High School

## CERTIFICATIONS AND AWARDS

- **Python, Django and AWS (EC2, S3, Lambda), Zuitt Learning Institute** · 80 hours, Jul to Oct 2025
- **Introduction to Cybersecurity, Cisco Networking Academy** (Dec 17, 2025)
- **Academic Excellence Awardee** (With High Honors)
- **Loyalty Award**
